Summary

Frontend-focused Senior Full Stack Engineer with 5+ years of experience building scalable web platforms in automotive and fintech domains. Specialized in modern JavaScript frameworks like **React.js**, **Next.js**, and **TypeScript**, with a strong backend foundation in **Node.js** and **MongoDB**. Adept in **system design**, **microservices**, **performance optimization**, and leading agile teams in **remote-first environments**. Proven ability to deliver complex products with end-to-end ownership in startup-style fast-paced settings.

Experience

Mentor – System Design & DSA (Python) , <i>ChaiCode (Part-time, Remote)</i> Re-engaged with the tech industry through a mentorship role, guiding students in System Design and DSA using Python—focusing on conceptual clarity, interview readiness, and real-world problem solving while reinforcing core engineering fundamentals.	02/2025 – present Jaipur, India
Career Break Took a purposeful career break to prioritize physical and mental well-being while deepening backend expertise, practicing system design (distributed systems, caching, queues), and upskilling in AI with a focus on LLMs, prompt engineering, and modern development workflows.	04/2024 – 02/2025 Jaipur, India
Software Engineer (SDE-2) - Senior Role , <i>Tekion Corp</i> Bangalore, India Hybrid Model Jan 2022 - Mar 2022 Tech Stack: React.js, Node.js, Express, MongoDB, Docker, AWS - Played a key role in implementing of the "Central Accounting" module, by streamlining parent-child dealership mappings and automating daily transactions, invoicing, and receipt workflows in collaboration with cross-functional teams. - Contributed to developing a custom E-signature solution for vehicle purchase and repair workflows, reducing reliance on third-party services and lowering operational costs. - Collaborated with cross-functional teams to optimize UI performance, enhance role-based access control, and ensure smooth backend integration. - Provided technical leadership to a team of 3 developers, promoting best practices, conducting code reviews, and fostering a collaborative, high-quality development environment. - Worked in Agile, remote-first teams, ensuring high code quality, performance, and on-time delivery of features.	01/2022 – 03/2024 Bangalore, IN
Senior Software Engineer , <i>Temenos India</i> Tech Stack: Angular, React.js, Node.js, MongoDB, Docker - Engineered a dynamic front-end architecture for the "Distributor App", streamlining workflows for Fund and Portfolio Managers in the investment banking sector. - Delivered high-performing UI components in Angular and React, improving user engagement by 30%.	07/2021 – 01/2022 Bangalore, IN

- Integrated REST APIs and developed server-side components using Node.js, reducing response times by 25%.
- Participated in technical design reviews, providing guidance on performance optimization and code quality.
- Led a team of 2 developers, providing technical guidance, conducting regular code reviews.

Software Engineer, Temenos India

07/2019 – 07/2021

Tech Stack: Angular, Node.js, Express, MongoDB

Bangalore, IN

- Built reusable UI component libraries, improving delivery consistency and reducing future dev time by 20%.
- Owned backend modules for high-volume banking platforms, focusing on schema design and MongoDB optimization.
- Participated in design reviews, emphasizing performance and data efficiency.

Education And Training

Computer Science And Engineering - 8.9(CGPA), SRM University

05/2019

Chennai, Tamil Nadu

12th Boards - 92.2%, Neerja Modi School

04/2015

Jaipur, Rajasthan

Skills

Frontend

React.js, Next.js, TypeScript, Javascript, Redux, Angular, Vue.js

Backend

Node.js, Express.js, Python, MongoDB, PostgreSQL, REST APIS

DevOps & Tools

Docker, Git, Bitbucket Pipelines, GitHub Actions, AWS, Vercel, Netlify

System Design

Microservices, Event-driven Architecture, Caching (Redis), Queues (RabbitMQ/BullMQ)

Project Management

Agile, Jira, Confluence, Slack

UI/UX Tools

Figma

Languages

Hindi

First Language

English

C1
Advanced (C1)

Certifications

Front-End JavaScript Frameworks: Angular, The Hong Kong University of Science and Technology, Coursera

Front-End Web Development with React, The Hong Kong University of Science and Technology, Coursera

Server-side Development with NodeJS, Express and MongoDB,
The Hong Kong University of Science and Technology, Coursera
